MOMENTS REFLECTED  
øyvind hjelmen

---

As part of Mois de la Photo in Paris, my new work  
Moments Reflected  
will be exhibited at  
Galerie des Nouvelles Images, Hôtel Scribe  
1, Rue Scribe, 75009 Paris

The exhibition will be shown from October 25. until December 2. 2014

Vernissage will take place on November 5.

In her foreword to the catalogue, Laura Serani writes:  
"In this poetic universe, like in a dream, the past and the present are continuously mixed. Through fog and dim light the traces of other lives occur: memories and familiar objects appear from unknown places, hotel rooms without memories, bodies, objects of desire, that through a closed door brings out new stories over and over again."

I am honored to be the only Norwegian artist selected for this year's  
Mois de la Photo, and one of 5 Nordic artists.  
On November 25th there will be a conference at the Swedish Institute where curator  
Jean-Louis Pinte will talk about why he has chosen the topic of intimacy.  
The conference will disclose the vision of five Nordic artists, and their relation  
with intimacy. The artists are:  
Tuija Lindström (Sweden), Peter Neuchs (Denmark), Meeri Koutaniemi and  
Arno Rafael Minkinen (Finland), and Øyvind Hjelmen (Norway)
